ASM 14-2 PC (without battery)

Precision cordless screwdriver, mid-mounted
handle, up to 2 Nm
Part number: 7 112 61 00 95 0

Certified screwdriver according to ISO 5393, VDI/VDE 2647, achieves CMK value > 1,67 at ± 10% (referred to 6 Sigma).

- Brushless, maintenance-free motor.
- Freely programmable parameters: speed, direction of rotation, angle of rotation, torque, threshold, time.
- Can be adapted to the individual application in up to five program steps to suit your process.
- Adjustable error criteria prevent manipulation.
- FEIN Li-ion technology for more screw connections per battery charge.
- Maintenance module records all screw connections and calibration data.
- Easy data input on the computer.
- Program with confidence using the integrated interface.
- Store data for later reuse.
- For soft and hard screwed connections.
- Sensor-based control means no loss of speed when screwdriving.
- Protection of the tool through a factory-installed password.
