# CONNEXALL CO., LTD.

*We connect solution for smart assembly process.*

## BUSINESS PERFORMANCE

Founded in **2011**,

Connexall is committed to provide most advance technology in tightening equipment and robotic solutions for all assembly line. We provide the complete range of highest precision quality equipment as well as the best assembly solution for various industries such as automotive, automotive part suppliers, electronics and other general industries. We offer the best in class product from the first to the last assembly process that will match our customer requirement and needs. Connexall aim to improve our customer productivity by offering solutions for leaner production, more cost effective, better ergonomic, environmental safe and user friendly.

Connexall has been chosen to serve customers not only inside Thailand but we have expanded our service throughout the region such as India, Malaysia and Indonesia and Philippines

Our expert engineer team understand how to select the best tools and solutions for customers.

Connexall aim to provide the best assembly solution to customers. Our team emphasizes service as priority and provide the best technology that suitable to customer needs. We ensure customers with best optimal satisfaction. Hence, we make sure that our customer are taken a step ahead to become a smart factory for this forth industrial revolution.

We connect solutions for smart assembly process.

## OUR SOLUTION INCLUDES

### Tightening Technology

Auto Screw and Parts Feeding System

Auto Riveting System

Robotic Assembly Automation

Mobile Robot

Material Handling System

Pick & Place System

Dispensing System

Inspection System

Vision Machine System

Parts Supply Technology

ETC.

*Our committed service team is ready to provide best of service to enable customer satisfaction. Connexall has been experience of service customers both in and outs.*

*Connexall has become partner with well-known brand such as Deprag, AMT, Gesipa, Ingersoll Rand, Fein, SCS Concepts, 3ARM, MiR and more.*

*We will continue to evolve with customer to meet the challenge of today industry.*

# PRODUCT TO OFFER:

## Tightening System

**AMT**

- DC Nutrunner
- Cordless Nutrunner

## Auto Screw & Parts Feeding System

**DEPRAG**

- Manual Type
- Stationary Type

## Riveting System

**GESIPA**

- Pneumatic Riveting
- Battery Riveting
- Hand Riveting

## Cordless Screwdriver

**IR Ingersoll Rand**

- Cordless Precision Fastening System
- Clutch Shut-off Cordless Screwdriver

## Screwdriver System

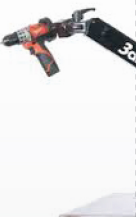

**DEPRAG HANTAS**  
**SEHAN ELECTOOLS**

- Electric Type
- Pneumatic Type

## Torque Multiple

**3arm**

## MARKET WE SERVE:

*Automotive Industry*

*Motorcycle Industry*

*Bus / Heavy Truck  
Off Road Industry*

# Assembly Tools

## Torque Measurement

- Digital Torque Wrench
- Torque Analyzer
- Torque & Angle Transducer
- Test Benches
- Software

## Handling Technology

- Handling Technology
- System Solution
- Damping Technology
- Linear Technology
- Process Technology
- Tooling Technology
- Machine Tooling Technology
- Robotic Accessories

## Arm Purpose Arm

## Air Motor

- Air Vane Motor
- Turbines
- Gear Motor

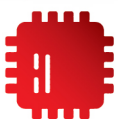

## Tightening Tracking Position

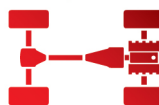

- Fastening System
- Vision System
- Error Proofing System
- Test System
- ETC.

Aerospace  
Industry

# Robotic and Assembly Automation

## Robotic Assembly Solution

Connexall robotic automation solutions offer a board of flexibility, which allows for part transport, assembly, and other process-intensive operation.

- Pick and Place
- Screw Feeding & Tightening
- Adhesive Sealing
- Vision Checking
- Pressing
- Final Inspection
- Assembly Parts
- ETC.

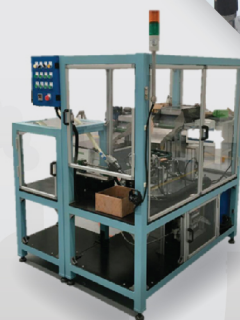

## Mobile Robot

Mobile Robots for Logistic Automation.

## Assembly Machine

Energy  
Industry

Food /  
Packaging  
Industry

Calibration  
Industry

**3arm®**

**AMT**

**DEPRAG**

**GESIPA®**

**HANTAS**  
Hansen And Tschentzsch Assembly Specialist

**IR** Ingersoll Rand

**MIR**  
MOBILE INDUSTRIAL ROBOTS

**SEHAN**  
ELECTOOLS

**ZIMMER**  
group

**BRAND**  
DISTRIBUTORS
